## THIRTEEN MEN FACE COURT TODAY IN THE GRAND JURY INVESTIGATION

They Account for 18 Indictments,  
Bringing Total Number Served  
to Date up to 37

24 ARE ARRAIGNED THUS FAR

Robert Gilson of Arlington Has to  
Pay \$92.95 on Five Charges—  
One is Dismissed

ANOTHER CARTHAGE MAN IN

Milton Wainscott Pleads not Guilty  
to Staeling Pool Ball and  
Goes to Jail

The round-up of the men indicted by the grand jury continued today and Judge Sparks was equally as busy as yesterday when the round-up started. This afternoon a total of twenty-four men had been brought into court, accounting for thirty-seven of the forty-five indictments returned by the grand jury last Friday.

Thirteen men faced the court today, accounting for eighteen indictments. Yesterday ten men were in court answering charges in seventeen indictments and one previous arrest on two charges brought the total up to 24 men and thirty-seven indictments. The indictments for the most part stake at gaming and gaming houses and pool rooms.

Just when arrests on the remaining eight indictments will be made is not known as it is understood that these indictments are scattered and it may be some time before the sheriff makes the arrests, although one or two a day would not be surprising.

Milton Wainscott, known as a police character, was indicted on two charges, one for petit larceny and the other for public intoxication. Wainscott was brought into court this morning but did not enter a plea. He was taken to jail when he failed to provide \$500 in the larceny case. His bond was placed at \$50 in the other case. The indictment for larceny charges Wainscott with taking a pool ball from the T. E. McAllister pool room in West Second street. The value of the pool ball is placed at \$1.65 in the indictment.

James Brooks and Jesse Shook were arrested on charges of gaming and each released under \$50 bonds. Brooks and Shook are two more of the men picked up in the dragnet that seems to have enveloped the Grand Hotel.

Robert Gilson, owner of a pool room in Arlington, appears to have been the victim of a number of Arlington people appearing before the grand jury. Gilson was indicted on six charges and pleaded guilty to five of them. The sixth was dismissed on motion of the prosecuting attorney. Gilson's total fines and costs amounted to \$92.95. He made arrangements to have the fines stayed. They ranged all the way from \$1 and costs for public intoxication to \$25 and costs for having a gaming device in his possession.

He pleaded guilty to two charges of allowing minors in his pool room and was fined \$5 and costs on both charges. A fine of \$10 and costs was handed him for selling cigarettes to minors and \$1 and costs for public intoxication. The gaming device in his possession was a slot machine and for this he was fined \$25 and costs. The charge dismissed was for Sabbath breaking.

Cyrus Rhodes of Carthage was indicted for keeping a gaming device. He entered a plea and was released under \$500 bond.

Wiley Hinton and Frank McFall, both of Arlington, entered pleas of guilty to public intoxication charges and were both fined \$1 and costs. Sherman Addison was another who

Charles Brodie, gaming, plea of guilty, fine \$5 and costs.

Dennis Ryan, keeping gaming house (Rhum)—no plea, bond fixed at \$50.

pleaded guilty to public intoxication and received a similar fine.

Chase Levi was another of the Rushville victims pleading guilty to a charge of public intoxication. Judge Sparks again gave the minimum sentence of \$1 and costs.

Albert Sorrell was another caught in the net at the Grand Hotel. Sorrell is charged with gaming and was released under \$50 bond.

Dennis Ryan is charged with keeping a gaming house in connection with the rhum game operated at his pool room. This is the third indictment involving rhum games, the other two being against Jack Stonecipher and John Wolter. Ryan entered no plea and was released under \$50 bond.

Charles Brodie entered a plea of guilty to gaming and was fined the minimum of \$5 and costs. Brodie is another involved in the game conducted by Earl Albright. Albright has previously pleaded guilty.

Otis Hinton of Arlington pleaded guilty to public intoxication and was fined one dollar and costs.

### SAYS HE WASN'T SPEEDING

Oakley Sampson Pleads Not Guilty  
to Charge in Court.

Oakley Sampson of Arlington was arraigned in police court this morning on a charge of speeding and entered a plea of not guilty. The trial was set for January 2. The offense is alleged to have been committed on November 20 and while the police have had a warrant for Sampson they did not see him here until this morning. This is his second appearance for the same offense.

## SENATOR'S FRIENDS ARE ENTERTAINED

Twenty Men Guests at Watson's  
Home and Jeff Davis of Clarks-  
burg Furnishes Turkey

A CUSTOM HE INSISTS ON

Jeff Davis, a great admirer of Senator James E. Watson, furnished the turkey for the dinner which was served at the home of Senator Watson last night for twenty of the senator's friends. A year ago Mr. Davis brought a turkey from his home near Clarksburg, Decatur county, and a dinner was spread in honor of Senator Watson at the home of John A. Tittsworth. He insisted then that if Mr. Watson were elected he would bring forth another turkey for a dinner.

Mr. Davis is what might be termed one of the original Watson men. He has been boosting for the senator from Indiana ever since Mr. Watson began his career in congress. Mr. Davis exacted a promise of the guests last night to attend a similar dinner four years hence when one of the men present said that he wanted to hold it at his house.

Senator Watson will leave next Tuesday for Washington when congress will open again after the Christmas recess. Mrs. Watson, daughter Kathryn and son Joseph, will spend the winter in Florida with her sister, Mrs. Miller, of Winchester.

## NEW BUILDING TO BE OPENED MONDAY

School House at New Salem Built  
to Replace One Which Burn-  
ed Down a Year Ago

THE TOTAL COST IS \$25,000

The new school building at New Salem, built to replace the one destroyed by fire last January, will be ready for occupancy next Monday. The finishing touches are now being placed on the building and everything will be complete in time for the opening of school Monday.

The new building is one of the finest in the county and when completed will cost over \$25,000. On January 14, 1916 the school was destroyed by fire. The blaze originated from an overheated furnace. The building which was destroyed was practically new and the loss to Noble township was exceedingly heavy, although the insurance obtained just about paid the outstanding bonds.

The new structure is of brick and is modern throughout. There is a gymnasium in the basement and there are numerous improvements over the former building. The new building was erected on the site of the old one. H. G. Mitchell of Scottsburg was the contractor. Roscoe Tittsworth is the trustee of Noble township.

## COLD WAVE IS A FAILURE

However, it May be Only Delayed  
and is Likely to Appear Tonight

The cold wave did not materialize last night as per schedule. The weather man said that a big drop in temperature would come, basing his belief on the blizzard that hit the northwest and forced the mercury down to 30 below zero at some points. The temperature was not much below freezing last night, but Elwood Kirkwood, county weather observer, says that it will be colder tonight and it may be that the cold wave was only delayed as was the one last week.

## TO TAKE OFFICE ON NEXT MONDAY

Three County Officials Will Begin  
New Duties and 2 Holdovers  
Will Start New Terms

TWO TAKE OFFICE JAN. 1, 1918

Three Members of Board of Com-  
missioners Will be Republican  
After First of Year

Next Monday will see changes in several county offices, some of the officials elected at the November election taking office, and the officers re-elected will start on their second terms. The new officers are Will H. McMillin, county auditor; John E. Harrison, county commissioner, and Frank Catt, county surveyor.

John O. Williams will begin his second term as county treasurer on this date and P. A. Newhouse will enter upon his second term as county commissioner. George B. Moore, elected clerk, took his office December 1st.

Coroner Lowell M. Green will not take his office for the second term until Jan. 1, 1918 and Sheriff Cavitt has another year of his term until he turns the office over to Ezekiel Jones, the sheriff-elect.

Mr. McMillin, the new auditor succeeds Allen R. Holden, who has been auditor for the past four years. Frank Catt, who takes the place of Adolphus Cameron, county surveyor, has moved here from Carthage and is ready to take up his duties. Cameron has served three terms as surveyor. Starting Monday with the entrance of J. E. Harrison as a member of the board of commissioners, the board will be composed of three republicans. The hold-over member is John T. Bowles. The board has been republican for the past year and previous to this was democratic. New Year's day is a holiday but will not be observed at the court house. The new officials, however, will hold open house and receive congratulations of friends.

The bonds of all the incoming officers have been approved and everything is in readiness for their entrance into the court house.

## WARNS AGAINST A LEAK THIS WEEK

Thomas W. Lawson Says Billions  
May be Made in Wall Street on  
Advance Information

60 MILLION MADE LAST WEEK

(By United Press.)  
Washington, Dec. 28.—Over sixty million dollars was made in Wall Street by those having advance information on President Wilson's peace note, according to a telegram received today from Thomas W. Lawson, by Representative Wood of Indiana.

Lawson gave another warning of the "big killing" which he said would be made on Wall Street this week.

"Take a tip and spend less time on last week and more time on the leak of this week which is liable to inundate both New York and Washington," said Lawson. "Only sixty millions were made last week while this week may run into billions."

Lawson's telegram was inspired by a statement in newspapers that Wood and Chairman Henry of the house rules committee had been unable to locate Lawson.

By agreement of the parties Mrs. Nancy A. Peek was allowed the sum of \$342.50 and Charles Peek the sum of \$250 on their claims against the estate of Isabel Fry in circuit court today.

## TO GIVE SUMMARY OF PRINCIPLES

Reply to German Note, Which is Re-  
ported to be Completed, to Re-  
ject Peace on German Plans.

SPECIFIC TERMS UNLIKELY

By ED L. KEENE  
(By United Press.)

London, Dec. 28.—Dispatch of the allies reply to Germany's peace proposal is imminent. Information today indicated that the note had been completed.

Russia's reply is already enroute to Paris, where it will be handed the American ambassador with France's note for transmission to Berlin.

From authoritative sources it was learned the allied note will contain: A rejection of a peace based on German-made plans.

A summary of the principles for which the allies contend they are fighting.

Probably the allies will make still clearer their aims and purposes by a recital of the "crimes" for which they propose to hold Germany responsible.

The note will not state specifically the terms on which the allies will consent to talk peace.

It will not consent to the peace conference urged by Germany.

## GERMANY JUSTIFIES SINKING OF VESSEL

Answer to American Inquiries Re-  
garding Delto Says She Vi-  
olated Neutrality

PASSENGERS NOT IN DANGER

(By United Press.)

Berlin, (Via Sayville), Dec. 28.—Germany's answer to American inquiries as to sinking the Norwegian steamer Delto as transmitted to Ambassador Gerard today justifies sinking of that vessel on the ground that she was violating neutrality and dismisses the contention that her passengers were jeopardized.

"Half an hour was given by the German commander for the crew to leave the ship," the note states. "The weather was good and very bright. The boats had to travel a short distance to the Spanish coast so that the unusual security was given for the crew's rescue."

The note claims the Delto was chartered by the Italian government for the transportation of coal.

## JOHN S. SOUDERS IS DEAD

Former Resident of Rushville Ex-  
pires at Newton, Kansas.

John S. Souder, 69 years old, a former resident of this county, died last night at his home in Newton, Kansas. Mr. Souder is remembered here by many people. He was a brother of Mrs. Amanda Fleehart. The particulars of his death are not known, but he had been in ill health for some time. Mr. Souder was born in Jackson township in May, 1847 and left here in January, 1889. He is survived by his widow and three children, Alvah, Miss Daisy and Byron Souder and the one sister. The remains will be brought back here, the funeral services to be conducted Sunday afternoon at two o'clock at the residence of Mrs. Fleehart, 601 North Sexton street and burial will take place in East Hill cemetery.

Indianapolis, Ind., Dec. 28.—Lieut. Commander J. H. Comfort, of the Indianapolis naval recruiting station here, left today for sea service. Lieut. E. H. Clement is his successor.

## DETERMINED TO UNSEAT DOBYNS

Democratic Senators Practically  
Agreed They Will Declare Eik-  
man Has Right to Seat

REPUBLICANS HERE ANGRY

Believe Eikman Should Have Pre-  
sented His Claims Before Elec-  
tion and Saved Expense

Local republicans have been informed that the democratic members of the state senate have practically decided to attempt to contest the seat of Lem P. Dobyns of Greensburg, republican, elected last November from the district composed of Rush, Decatur and Hancock counties.

By placing Edward Eikman of New Palestine, former state senator, in the seat of Dobyns, the democrats would have a majority in the senate and word coming here from Indianapolis is to the effect that the democratic members of the senate are practically agreed on this plan of action.

Democratic party leaders are to meet in Indianapolis tomorrow when plans will be considered by which it is hoped to gain control of the senate. The plan to place Eikman in Dobyns' place is most likely to be adopted as this is considered the easiest method to gain the end the democrats seek.

Republicans throughout the district are up in arms over the prospect of losing a man that was elected by a good majority and who they claim is rightfully entitled to his place in the senate. The democrats will control the senate on the opening days and the plan now is to put the contest through in the early days, seat Eikman and then organize to suit themselves.

The republicans will not be in a position to delay the hearing of the Eikman contest if the democrats agree to carry out the plan, and it appears certain they will. About the only thing the republicans can do is to "take their medicine," and remember the event in future years, it is stated, as there is no recourse. The contest, it is pointed out, would end in the state senate and could not be taken to the courts as the courts have no jurisdiction over the legislative body.

Eikman bases his claim on the fact that he was elected to succeed Cary Jackson of this city and alleges that it was a four year office. It was always understood throughout the district, which at that time was composed of Rush, Hancock and Fayette counties that the term was for the unexpired part of Mr. Jackson's and not for the full four years. As Mr. Jackson served two years this would leave Eikman two years and he has served his time, according to the republican way of looking at the thing. Republicans here claim that Eikman is unfair in the matter and point out that he would hardly start the contest had Howard E. Barrett been elected instead of Dobyns.

If Dobyns is right in his contentions then republicans here believe he should have come forward with his contentions before the election and thus have saved the expense to his candidates.

### LAST 1916 CLAIMS

The county commissioners were in session today allowing claims for the last time this year. The commissioners were trying to get the county's business in shape for the closing of the year. All of the county officials were paid today. This was the final meeting for William Moore, commissioner from the southern district. He will be succeeded by John E. Harrison. This meeting was to have been held on Saturday but was pushed up for today.

FINDS A COMBINATION

Report to Attorney General Says Insurance Rates Are Fixed.

(By United Press.) Indianapolis, Ind., Dec. 27.—That a combination exists among fire insurance interests in Indiana to fix rates in violation of an injunction issued six years ago is stated by H. H. Klayer, special investigator employed by the state, in a report to Attorney General Stotsenburg. The attorney general announced that he will take no action on the report as his term of office expires the first of the year but will turn over all evidence to Ele Stansbury, his successor.

Klayer declares that conditions identical with those before the injunction was issued now exist.

Child Star Who Is Unspoiled.

"Sonny Jim," as most of us call little winsome-eyed fellow whom we love so well on the screen, is never without a smile. No matter how warm the studios, when he is working under the huge lights he never becomes irritable and disagreeable. Consequently there is not a better admired person in the entire plant.

A wonderful star actor, too, is Bobby. Let me tell you what he did one day when we were filming a scene for "The Sunset," one of my more recent releases. I played the part of his mother, and the officers came to take him away from me. "Cry, Bobby," said the director. "Thy are trying to take you away from mother. That's it! Quick Bobby! Here they come!"

Bobby cried. So did every member of the cast. Real salt tears flowed from our eyes as the little fellow ran to the locked door trying to force it by his little weight. When the scene was over, I found it impossible to work any more that day. I was so completely upset by the wonderful work of the little fellow.

That is not all. Bobby is not spoiled, although he is the idol of every player about the studios. His "Mother Dear," is a delightful per-

son who realizes that her little boy's chief charm lies in the fact that he is thoroughly natural and not at all self-conscious.

As soon as Bobby is finished with his day's work he returns home, where he must study every day under the guidance of a tutor. His bed-time comes about the same time as the sun sets, and it is only on special occasions like Christmas Eve or some motion picture exhibition that this rule is ignored.

A gallant little fellow is Bobby. His sister Helen, who plays with him in some pictures, receives the greatest courtesy. He never fails to stand aside while she passes from the room, and the care he takes of her is wonderful. Never did a little girl have such a champion.

And what do Bobby and Helen do when they are waiting for their scenes, you ask? Let me tell you! They have perfectly wonderful times playing with the studio cat, and the big dog, and the little white mice. You see they have the gift of finding something interesting, no matter where they are. If they can't find these particular pets they play circus in a quiet corner of the studio, or find someone who gladly reads a story to them until the director is ready for their scene.

The Gem offers Helen Holmes in "A Lass of the Lumberland" for the first picture tonight. It is another chapter of the wonderful play dealing with the north timber land. Tomorrow matinee and night the five act feature "If My Country Should Call" will be shown in which Dorothy Phillips and Lon Chaney are featured.

"The Daring of Diana" is the title of the picture at the Princess tonight. Anita Stewart, Julia Swayne Gordon and Anders Randolph are featured. Miss Stewart takes the part of a reporter and the thrilling episodes furnish a fine picture. Tomorrow Theda Bara will be seen in "East Lynne." Miss Bara believes that her work in this picture in the role of Isabel will attract more attention than her previous work in "The Eternal Sapho" and other pictures.

#### Are We Losing Energy?

If prices of provisions keep on climbing as they have been doing during the last year the effect should be a great stimulus to the "back to the farm" movement of which we have heard so much the past decade.

Common sense and observation should teach any man that one of the main causes of the high price of food stuffs is the growing scarcity of farm labor, and the consequent curtailment of acreage cultivated. Thousands of farmers all over this country, unable to secure adequate help, are gradually curtailing their operations until it is no uncommon sight to see a farm that formerly sold four or five hundred bushels of corn now hardly producing enough to feed the stock and fatten the pork.

Of course we all know that many have seized upon the war as an excuse for boosting the price of everything that we consume, but if a scarcity of production did not exist the foreign demand for foodstuffs would be met and there would still remain in this country a sufficient quantity to supply all home demands at reasonable prices.

Just why young men, and older ones, too, should wish to leave the farm and rush off to the overcrowded cities is not easy to understand. True, they work hard on the farm. And equally true, they work even harder in the city and save less. In a majority of cases, unless they are intellectually far above the average of mankind, they live in penury and die in want.

With the present demand for farm products it would certainly appear the height of folly to abandon the certainty of plenty on the farm for

### Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-one, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

—by keeping your teeth REALLY CLEAN.

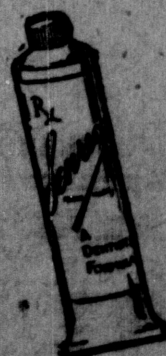

"But," you say, "I brush my teeth regularly, yet they decay." Yes, you brush them, but do you REALLY CLEAN them? Tonight, after brushing your teeth, examine them closely. You will likely find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Decay, as well as the dangerous gum disease called Pyorrhea, usually develops only in the mouth where germ-laden tartar is present. SENRECO, the formula of a dental specialist, keeps the teeth REALLY CLEAN. It embodies specially prepared soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

## THE UNIVERSAL CAR AUTOMOBILE PRICES SOARING

Prices on all materials that enter into an automobile's construction have advanced from 20 to 50 per cent during the last few months. Most manufacturers have already advanced prices or have announced their intention of doing so. The Ford Motor Company as usual are the first to lower prices and the last to raise, but the tremendous increase in prices of all articles used in the manufacture of cars is beyond the control of men. Present prices of Ford cars are still in effect, but are not guaranteed against advance for a single day, nor will orders be accepted for future delivery at the present prices. If you intend to buy a FORD in the spring, by all means

## HAD ADVANCE INFORMATION

Relative of High Official Knew in Advance of President Wilson's Peace Note.

### REP. WOOD IS SO INFORMED

Incident Serves to Emphasize Power Which an Administration Holds on Values.

Washington, Dec. 28.—Representative Wood's search for evidence regarding the rumored leak to Wall Street of advance information on Wilson's peace note led him into the homes of relatives of high officials, he said today.

"I am informed that relatives of a high official now in the brokerage business as a silent partner is alleged to have profited immensely by the advance information," said Woods.

President Wilson's note to the European belligerents was sent to the newspaper at eight o'clock on the evening of Wednesday, Dec. 20. It was not to be released for publication until after midnight. Yet at about two o'clock on that day a news ticker in Wall Street carried a report that the President was about to dispatch a note urging the warring nations to work out the terms of peace.

These statements were printed in the New York Times of Thursday, Dec. 21, in the course of an article dealing with the crisis in the stock market; and there is a natural inquiry here as to who "leaked" the information.

The President's note was dated Monday, Dec. 18—two days before it was given to the press; it was prepared, all reports agree, several days before that. Consequently, its contents must have been known to a fairly numerous group. Washington gossip has been busy trying to identify the men who could have had

## THIRTEEN MEN FACE COURT TODAY IN THE GRAND JURY INVESTIGATION

They Account for 18 Indictments,  
Bringing Total Number Served  
to Date up to 37

24 ARE ARRAIGNED THUS FAR

Robert Gilson of Arlington Has to  
Pay \$92.95 on Five Charges—  
One is Dismissed

ANOTHER CARTHAGE MAN IN

Milton Wainscott Pleads not Guilty  
to Staeling Pool Ball and  
Goes to Jail

The round-up of the men indicted by the grand jury continued today and Judge Sparks was equally as busy as yesterday when the round-up started. This afternoon a total of twenty-four men had been brought into court, accounting for thirty-seven of the forty-five indictments returned by the grand jury last Friday.

Thirteen men faced the court today, accounting for eighteen indictments. Yesterday ten men were in court answering charges in seventeen indictments and one previous arrest on two charges brought the total up to 24 men and thirty-seven indictments. The indictments for the most part strike at gaming and gaming houses and pool rooms.

Just when arrests on the remaining eight indictments will be made is not known as it is understood that these indictments are scattered and it may be some time before the sheriff makes the arrests, although one or two a day would not be surprising.

Milton Wainscott, known as a police character, was indicted on two charges, one for petit larceny and the other for public intoxication. Wainscott was brought into court this morning but did not enter a plea. He was taken to jail when he failed to provide \$500 in the larceny case. His bond was placed at \$50 in the other case. The indictment for larceny charges Wainscott with taking a pool ball from the T. E. McAllister pool room in West Second street. The value of the pool ball is placed at \$1.65 in the indictment.

James Brooks and Jesse Shook were arrested on charges of gaming and each released under \$50 bonds. Brooks and Shook are two more of the men picked up in the dragnet that seems to have enveloped the Grand Hotel.

Robert Gilson, owner of a pool room in Arlington, appears to have been the victim of a number of Arlington people appearing before the grand jury. Gilson was indicted on six charges and pleaded guilty to five of them. The sixth was dismissed on motion of the prosecuting attorney. Gilson's total fines and costs amounted to \$92.95. He made arrangements to have the fines stayed. They ranged all the way from \$1 and costs for public intoxication to \$25 and costs for having a gaming device in his possession.

He pleaded guilty to two charges of allowing minors in his pool room and was fined \$5 and costs on both charges. A fine of \$10 and costs was handed him for selling cigarettes to minors and \$1 and costs for public intoxication. The gaming device in his possession was a slot machine and for this he was fined \$25 and costs. The charge dismissed was for Sabbath breaking.

Cyrus Rhodes of Carthage was indicted for keeping a gaming device. He entered a plea and was released under \$500 bond.

### ADDITIONAL NAMES BY THOSE TAKEN IN GRAND JURY PROBE

Up to today 24 men had been brought into court, accounting for 37 of the 45 indictments returned by the grand jury last Friday. Those arraigned today and the action taken are as follows:

Milton Wainscott, petit larceny—bond fixed at \$500 and he went to jail in default; also charge of public intoxication—bond fixed at \$50.

Robert Gilson, Arlington, two charges of allowing minors in pool room—plea of guilty, fine \$5 and costs in each case; selling cigarettes to minors—plea of guilty, fine \$10 and costs; keeping gaming device—plea of guilty, fine \$25 and costs; public intoxication—plea of guilty, fine \$1 and costs; Sabbath breaking charge dismissed on motion of prosecuting attorney.

James Brooks, gaming—no plea, bond fixed at \$50.

Cyrus Rhodes, Carthage, keeping gaming device—no plea, bond fixed at \$50.

Wiley Hinton, Arlington, public intoxication—plea of guilty, fine \$1 and costs.

Frank McFall, Arlington, public intoxication—plea of guilty, fine \$1 and costs.

Sherman Addison, public intoxication—plea of guilty, fine \$1 and costs.

Jesse (Jeddy) Shook, gaming—no plea, bond fixed at \$50.

Chase Levi, public intoxication—plea of guilty, fine \$1 and costs.

Albert Sorrell, gaming—no plea, bond fixed at \$50.

Oris Hinton, Arlington, public intoxication—plea of guilty, fine \$1 and costs.

Charles Brodie, gaming, plea of guilty, fine \$5 and costs.

Dennis Ryan, keeping gaming house (Rhum)—no plea, bond fixed at \$50.

pleaded guilty to public intoxication and received a similar fine.

Chase Levi was another of the Rushville victims pleading guilty to a charge of public intoxication. Judge Sparks again gave the minimum sentence of \$1 and costs.

Albert Sorrell was another caught in the net at the Grand Hotel. Sorrell is charged with gaming and was released under \$50 bond.

Dennis Ryan is charged with keeping a gaming house in connection with the rhum game operated at his pool room. This is the third indictment involving rhum games, the other two being against Jack Stonecipher and John Wolten. Ryan entered no plea and was released under \$50 bond.

Charles Brodie entered a plea of guilty to gaming and was fined the minimum of \$5 and costs. Brodie is another involved in the game conducted by Earl Albright. Albright has previously pleaded guilty.

Otis Hinton of Arlington pleaded guilty to public intoxication and was fined one dollar and costs.

### SAYS HE WASN'T SPEEDING

Oakley Sampson Pleads Not Guilty  
to Charge in Court.

Oakley Sampson of Arlington was arraigned in police court this morning on a charge of speeding and entered a plea of not guilty. The trial was set for January 2. The offense is alleged to have been committed on November 20 and while the police have had a warrant for Sampson they did not see him here until this morning. This is his second appearance for the same offense.

## SENATOR'S FRIENDS ARE ENTERTAINED

Twenty Men Guests at Watson's  
Home and Jeff Davis of Clarks-  
burg Furnishes Turkey

A CUSTOM HE INSISTS ON

Jeff Davis, a great admirer of Senator James E. Watson, furnished the turkey for the dinner which was served at the home of Senator Watson last night for twenty of the senator's friends. A year ago Mr. Davis brought a turkey from his home near Clarksburg, Decatur county, and a dinner was spread in honor of Senator Watson at the home of John A. Tittsworth. He insisted then that if Mr. Watson were elected he would bring forth another turkey for a dinner.

Mr. Davis is what might be termed one of the original Watson men. He has been boosting for the senator from Indiana ever since Mr. Watson began his career in congress. Mr. Davis expected a promise of the guests last night to attend a similar dinner four years hence when one of the men present said that he wanted to hold it at his house.

Senator Watson will leave next Tuesday for Washington when congress will open again after the Christmas recess. Mrs. Watson, daughter Kathryn and son Joseph, will spend the winter in Florida with her sister, Mrs. Miller, of Winchester.

## NEW BUILDING TO BE OPENED MONDAY

School House at New Salem Built  
to Replace One Which Burn-  
ed Down a Year Ago

THE TOTAL COST IS \$25,000

The new school building at New Salem, built to replace the one destroyed by fire last January, will be ready for occupancy next Monday. The finishing touches are now being placed on the building and everything will be complete in time for the opening of school Monday.

The new building is one of the finest in the county and when completed will cost over \$25,000. On January 14, 1916 the school was destroyed by fire. The blaze originated from an overheated furnace. The building which was destroyed was practically new and the loss to Noble township was exceedingly heavy, although the insurance obtained just about paid the outstanding bonds.

The new structure is of brick and is modern throughout. There is a gymnasium in the basement and there are numerous improvements over the former building. The new building was erected on the site of the old one. H. G. Mitchell of Scottsburg was the contractor. Roscoe Tittsworth is the trustee of Noble township.

## COLD WAVE IS A FAILURE

However, It May be Only Delayed  
and is Likely to Appear Tonight

The cold wave did not materialize last night as per schedule. The weather man said that a big drop in temperature would come, basing his belief on the blizzard that hit the northwest and forced the mercury down to 30 below zero at some points. The temperature was not much below freezing last night, but Elwood Kirkwood, county weather observer, says that it will be colder tonight and it may be that the cold wave was only delayed as was the one last week.

## TO TAKE OFFICE ON NEXT MONDAY

Three County Officials Will Begin  
New Duties and 2 Holdovers  
Will Start New Terms

TWO TAKE OFFICE JAN. 1, 1918

Three Members of Board of Com-  
missioners Will be Republican  
After First of Year

Next Monday will see changes in several county offices, some of the officials elected at the November election taking office, and the officers re-elected will start on their second terms. The new officers are Will H. McMillin, county auditor; John E. Harrison, county commissioner, and Frank Catt, county surveyor.

John O. Williams will begin his second term as county treasurer on this date and P. A. Newhouse will enter upon his second year as county commissioner. George B. Moore, elected clerk, took his office December 1st.

Coroner Lowell M. Green will not take his office for the second term until Jan. 1, 1918 and Sheriff Cavitt has another year of his term until he turns the office over to Ezekiel Jones, the sheriff-elect.

Mr. McMillin, the new auditor succeeds Allen R. Holden, who has been auditor for the past four years. Frank Catt, who takes the place of Adolphus Cameron, county surveyor, has moved here from Carthage and is ready to take up his duties. Cameron has served three terms as surveyor. Starting Monday with the entrance of J. E. Harrison as a member of the board of commissioners, the board will be composed of three republicans. The hold-over member is John T. Bowles. The board has been republican for the past year and previous to this was democratic. New Year's day is a holiday but will not be observed at the court house. The new officials, however, will hold open house and receive congratulations of friends.

The bonds of all the incoming officers have been approved and everything is in readiness for their entrance into the court house.

## WARNS AGAINST A LEAK THIS WEEK

Thomas W. Lawson Says Billions  
May be Made in Wall Street on  
Advance Information

60 MILLION MADE LAST WEEK

(By United Press.)  
Washington, Dec. 28.—Over sixty million dollars was made in Wall Street by those having advance information on President Wilson's peace note, according to a telegram received today from Thomas W. Lawson, by Representative Wood of Indiana.

Lawson gave another warning of the "big killing" which he said would be made on Wall Street this week.

"Take a tip and spend less time on last week and more time on the leak of this week which is liable to inundate both New York and Washington," said Lawson. "Only sixty millions were made last week while this week may run into billions."

Lawson's telegram was inspired by a statement in newspapers that Wood and Chairman Henry of the house rules committee had been unable to locate Lawson.

By agreement of the parties Mrs. Nancy A. Peek was allowed the sum of \$342.50 and Charles Peek the sum of \$250 on their claims against the estate of Isabel Fry in circuit court today.

## TO GIVE SUMMARY OF PRINCIPLES

Reply to German Note, Which is Re-  
ported to be Completed, to Re-  
ject Peace on German Plans.

SPECIFIC TERMS UNLIKELY

By ED L. KEENE  
(By United Press.)

London, Dec. 28.—Dispatch of the allies reply to Germany's peace proposal is imminent. Information today indicated that the note had been completed.

Russia's reply is already enroute to Paris, where it will be handed the American ambassador with France's note for transmission to Berlin.

From authoritative sources it was learned the allied note will contain: A rejection of a peace based on German-made plans.

A summary of the principles for which the allies contend they are fighting.

Probably the allies will make still clearer their aims and purposes by a recital of the "crimes" for which they propose to hold Germany responsible.

The note will not state specifically the terms on which the allies will consent to talk peace.

It will not consent to the peace conference urged by Germany.

## GERMANY JUSTIFIES SINKING OF VESSEL

Answer to American Inquiries Re-  
garding Delfo Says She Vi-  
olated Neutrality

PASSENGERS NOT IN DANGER

(By United Press.)

Berlin, (Via Sayville), Dec. 28.—Germany's answer to American inquiries as to sinking the Norwegian steamer Delfo as transmitted to Ambassador Gerard today justifies sinking of that vessel on the ground that she was violating neutrality and dismisses the contention that her passengers were jeopardized.

"Half an hour was given by the German commander for the crew to leave the ship," the note states. "The weather was good and very bright. The boats had to travel a short distance to the Spanish coast so that the unusual security was given for the crew's rescue."

The note claims the Delfo was chartered by the Italian government for the transportation of coal.

## DETERMINED TO UNSEAT DOBYNS

Democratic Senators Practically  
Agreed They Will Declare Eik-  
man Has Right to Seat

REPUBLICANS HERE ANGRY

Believe Eikman Should Have Pre-  
sented His Claims Before Elec-  
tion and Saved Expense

Local republicans have been informed that the democratic members of the state senate have practically decided to attempt to contest the seat of Lem P. Dobyns of Greensburg, republican, elected last November from the district composed of Rush, Decatur and Hancock counties.

By placing Edward Eikman of New Palestine, former state senator, in the seat of Dobyns, the democrats would have a majority in the senate and word coming here from Indianapolis is to the effect that the democratic members of the senate are practically agreed on this plan of action.

Democratic party leaders are to meet in Indianapolis tomorrow when plans will be considered by which it is hoped to gain control of the senate. The plan to place Eikman in Dobyns' place is most likely to be adopted as this is considered the easiest method to gain the end the democrats seek.

Republicans throughout the district are up in arms over the prospect of losing a man that was elected by a good majority and who they claim is rightfully entitled to his place in the senate. The democrats will control the senate on the opening days and the plan now is to put the contest through in the early days, seat Eikman and then organize to suit themselves.

The republicans will not be in a position to delay the hearing of the Eikman contest if the democrats agree to carry out the plan, and it appears certain they will. About the only thing the republicans can do is to "take their medicine," and remember the event in future years, it is stated, as there is no recourse. The contest, it is pointed out, would end in the state senate and could not be taken to the courts as the courts have no jurisdiction over the legislative body.

Eikman bases his claim on the fact that he was elected to succeed Cary Jackson of this city and alleges that it was a four year office. It was always understood throughout the district, which at that time was composed of Rush, Hancock and Fayette counties that the term was for the unexpired part of Mr. Jackson's and not for the full four years. As Mr. Jackson served two years this would leave Eikman two years and he has served his time, according to the republican way of looking at the thing. Republicans here claim that Eikman is unfair in the matter and point out that he would hardly start the contest had Howard E. Barrett been elected instead of Dobyns.

If Dobyns is right in his contentions then republicans here believe he should have come forward with his contentions before the election and thus have saved the expense to candidates.

### LAST 1916 CLAIMS

The county commissioners were in session today allowing claims for the last time this year. The commissioners were trying to get the county's business in shape for the closing of the year. All of the county officials were paid today. This was the final meeting for William Moore, commissioner from the southern district. He will be succeeded by John E. Harrison. This meeting was to have been held on Saturday but was pushed up for today.

## FINDS A COMBINATION

Report to Attorney General Says Insurance Rates Are Fixed.

(By United Press.)

Indianapolis, Ind., Dec. 27.—That a combination exists among fire insurance interests in Indiana to fix rates in violation of an injunction issued six years ago is stated by H. H. Klayer, special investigator employed by the state, in a report to Attorney General Stotsenburg. The attorney general announced that he will take no action on the report as his term of office expires the first of the year but will turn over all evidence to Ele Stansbury, his successor.

### STATE C. OF C. MEETS

Columbus, Ind., Dec. 28.—The annual meeting of the Indiana State Chamber of Commerce opened here this afternoon with the annual address of W. I. Hegan, of Indianapolis, president of the organization. The annual banquet will be held tonight when addresses will be made by several men prominent in state affairs. Gov.-elect James P. Goodrich; Eben H. Wolcott, Indianapolis; and Judge W. H. Eichhorn of Bluffton, are among those on the program.

Miss Ruth Drake has returned from a short visit with Mr. and Mrs. Aaron Duke of near Milroy.

### Child Star Who is Unspoiled.

"Sonny Jim," as most of us call little winsome-eyed fellow whom we love so well on the screen, is never without a smile. No matter how warm the studios, when he is working under the huge lights he never becomes irritable and disagreeable. Consequently there is not a better admired person in the entire plant.

A wonderful star actor, too, is Bobby. Let me tell you what he did one day when we were filming a scene for "The Sunset," one of my more recent releases. I played the part of his mother, and the officers came to take him away from me. "Cry, Bobby," said the director. "They are trying to take you away from mother. That's it! Quick Bobby! Here they come!"

Bobby cried. So did every member of the cast. Real salt tears flowed from our eyes as the little fellow ran to the locked door trying to force it by his little weight. When the scene was over, I found it impossible to work any more that day. I was so completely upset by the wonderful work of the little fellow.

That is not all. Bobby is not spoiled, although he is the idol of every player about the studios. His "Mother Dear," is a delightful per-

son who realizes that her little boy's chief charm lies in the fact that he is thoroughly natural and not at all self-conscious.

As soon as Bobby is finished with his day's work he returns home, where he must study every day under the guidance of a tutor. His bed-time comes about the same time as the sun sets, and it is only on special occasions like Christmas Eve or some motion picture exhibition that this rule is ignored.

A gallant little fellow is Bobby. His sister Helen, who plays with him in some pictures, receives the greatest courtesy. He never fails to stand aside while she passes from the room, and the care he takes of her is wonderful. Never did a little girl have such a champion.

And what do Bobby and Helen do when they are waiting for their scenes, you ask? Let me tell you! They have perfectly wonderful times playing with the studio cat, and B. B., the big dog, and the little white mice. You see they have the gift of finding something interesting, no matter where they are. If they can't find these particular pets they play circus in a quiet corner of the studio, or find someone who gladly reads a story to them until the director is ready for their scene.

#### Are We Losing Energy?

If prices of provisions keep on climbing as they have been doing during the last year the effect should be a great stimulus to the "back to the farm" movement of which we have heard so much the past decade.

Common sense and observation should teach any man that one of the main causes of the high price of food stuffs is the growing scarcity of farm labor, and the consequent curtailment of acreage cultivated. Thousands of farmers all over this country, unable to secure adequate help, are gradually curtailing their operations until it is no uncommon sight to see a farm that formerly sold four or five hundred bushels of corn now hardly producing enough to feed the stock and fatten the pork.

Of course we all know that many have seized upon the war as an excuse for boosting the price of everything that we consume, but if a scarcity of production did not exist the foreign demand for foodstuffs would be met and there would still remain in this country a sufficient quantity to supply all home demands at reasonable prices.

Just why young men, and older ones, too, should wish to leave the farm and rush off to the overcrowded cities is not easy to understand. True, they work hard on the farm. And equally true, they work even harder in the city and save less. In a majority of cases, unless they are intellectually far above the average of mankind, they live in penury and die in want.

With the present demand for farm products it would certainly appear the height of folly to abandon the certainty of plenty on the farm for

### Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-one, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

## HAD ADVANCE INFORMATION

Relative of High Official Knew in Advance of President Wilson's Peace Note.

### REP. WOOD IS SO INFORMED

#### Incident Serves to Emphasize Power Which an Administration Holds on Values.

Washington, Dec. 28.—Representative Wood's search for evidence regarding the rumored leak to Wall Street of advance information on Wilson's peace note led him into the homes of relatives of high officials, he said today.

"I am informed that relatives of a high official now in the brokerage business as a silent partner is alleged to have profited immensely by the advance information," said Woods.

President Wilson's note to the European belligerents was sent to the newspaper at eight o'clock on the evening of Wednesday, Dec. 20. It was not to be released for publication until after midnight. Yet at about two o'clock on that day a news ticker in Wall Street carried a report that the President was about to dispatch a note urging the warring nations to work out the terms of peace.

These statements were printed in the New York Times of Thursday, Dec. 21, in the course of an article dealing with the crisis in the stock market; and there is a natural inquiry here as to who "leaked" the information.

The President's note was dated Monday, Dec. 18—two days before it was given to the press; it was prepared, all reports agree, several days before that. Consequently, its contents must have been known to a fairly numerous group. Washington gossip has been busy trying to identify the men who could have had

knowledge of the President's purpose—and there are sinister rumors to the effect that some people who were "in the know" did not let the opportunity pass to pick up some easy profits in the stock market when securities went tumbling, as they were bound to, as soon as the President's note became public property.

The incident serves to emphasize the power which an administration holds upon values in this country. What the President's note did upon a large scale which affected every industry whose securities are dealt in on the market, can be done to a lesser degree with individual securities by any one of a group of officials whose duties bring them into contact with the industrial life of the nation. This power, it is to the credit of American public life to record, has rarely, if ever, been abused—and it is significant that it is only within the past few years that anyone has ever seriously surmised that personal gain or any other private motive lay behind any course of action on the government's part. That such surmises are now rife is due in part to the system which clothes officials with such enormous power and in part to the askance with which conservative-minded people have come to regard much of the activity in some circles of the present administration.

The remedy is partly legislative—by limiting the power of administrative officers—and partly political by seeing to it that the government is lodged in the hands of men and of parties immune to sinister influence. The country, however, has just voted; and it is a trite observation that a nation receives that sort of government which it deserves.
